

## Welcome to the Clair Hills Community Association

The neighbourhood of Clair Hills is quite a sprawling one. West of Erbsville Road it covers Salzburg Drive and Munich Circle just north of Columbia Drive, as far south as Bordeaux Place, with Brandenburg Boulevard running through the middle. Upon completion, it will house approximately 1100 families.

Being a rather new association, this newsletter is our first attempt at bringing the families of this great neighbourhood closer together. Our goal is to provide regular communication by email of such things as our quarterly newsletter, a neighbourhood resource list, a babysitters list, activity reminders, information of interest from local groups and the City, and other information of interest to residents.
